  - 7.1 Finality of Decisions
  - 7.2 Rule Changes
- 8. Privacy
  - 8.1 Data
  - 8.2 Photos/Videos

## Introduction and Purpose

These Official Rules (“Rules”) Of the New Zealand High School Esports Clash (“NZHSEC”) apply to each of the teams, as well as their players and substitutes.

The NZHSEC will consist of two main parts (a) Qualifying rounds, (b) Finals. These Rules only apply to the NZHSEC and not to other competitions or tournaments.

### 1. Team Eligibility

NZHSEC rosters are locked at 7pm on May 6<sup>th</sup>

#### 1.1 Roster Limits

Teams must maintain, at all times during the NZHESC.

1.1.1 A school staff member or teacher (“School Staff”)

1.1.2 at least 5 starting roster players (“Players”)

1.1.3 Between zero and two substitute players (“Sub”)

All players (“Players” and “Sub”) must be eligible to participate in the NZHSEC (Section 2.)

## 1.2 Team Names

Team names must follow the naming convention "School name" - "Team name".

For example, 'Whanganui High School - Wizards'. Disclaimer: Not endorsed by Whanganui High School, just the Esports Coordinator at University of Waikato's old high school.

## 1.3 Multiple Rosters

Players cannot be listed on multiple rosters and cannot play for more than one team per round of the event.

## 1.4 Submitting information

Each team member will be required to send information upon entry to the NZHSEC, following which a teacher will register the team.

## 1.5 Same High School

All team members must be from the same high school, case by case exemption may be made on request based on school population. If an exemption is made to this rule, a teacher from one of the two schools must still be looking after the team. No requests will be accepted from students, the teacher must submit the request.

## 1.6 Substitution within roster

Player substitutions can be made before a match has started. For clarity, neither team can make a substitution once a match is underway. For this purpose, a match is considered a tournament lobby where 1 full game will be played with the same teams present.

## 1.7 Emergency substitutions

Emergency substitutions can be made for teams with extra players from another team within the same school but must be checked by an admin to verify the player being used.

Players can only play in one match per round. If a player is substituted into another team, they are unable to play for their own team, or any other team, that round of the event.

## 2. Player Eligibility

To be eligible to compete in the NZHSEC, players and subs must meet the following conditions:

- Current student in a New Zealand high school
- There is no age limit applicable to this event. Players must however have parent and teacher permission to participate
- Players must be meeting academic requirements for participation determined by their schools (Does this need to be included??)
- Players must not be banned from playing by Riot Games

### 2.1 Discord Terms and Conditions

Under Discord Terms and Conditions you must be at least 13 years of age to use their service. Although we allow players under 13 years old to join the competition, they must not be in the Discord server as this will breach terms and conditions.

If a team consists of only students under 13 years of age their teacher or a nominated representative for the team (ie. an older student at the school or a parent) must represent the team in the Discord server both during the lead up to and during the event. If this is not possible, this team will be removed from the competition.

If it is found that a team in this position is represented in the server by a student under the age of 13, then the team will be given the chance to provide a representative of appropriate age before being removed from the server. If a team cannot provide a representative that is at least 13 years old then the team will be removed from the competition.

### 2.3 Gamer name eligibility

Gamer names must not include profanity or inappropriate language/references. We reserve the right to issue gamer name changes to any player with an inappropriate name.

## 3. Schedule

### 3.1 Overview

Event dates:

Each Thursday afternoon from 9<sup>th</sup> May – 4<sup>th</sup> July 4:30pm

Top 8 playoff bracket run first 2 weeks of Term 3 with times organised by schools between 4-6pm Monday-Thursday

Note: Teams will be required to send in a screenshot showing all players in lobby before the forfeit time of 5pm

This is subject to change. The admins of the event will let all teams know of any changes to the schedule in the 'Announcements' channel in the Discord server.

### 3.2 Approximate round times

4.30-5:30pm Thursday

### 3.3 Registration

Registrations open from March 25<sup>th</sup> and close May 6<sup>th</sup> 11:59pm

Subject to change due to admin discretion please let an admin know if this cutoff date will be an issue for you

### 3.4 Match Reschedule

There is no time allocated for rescheduling or postponing matches. You must be available from 4.30pm until the end of your weekly match (6 pm at the very latest).

Match rescheduling can be agreed to by two teams if they cannot play at 4:30 on Thursday. Matches can only be rescheduled to a later time on the Thursday or on the Friday right after. All games must be complete before Midnight Friday. A screenshot of the new agreed time must be sent to an admin.

## 4. Prizes

Prizes are currently in negotiation and unconfirmed

## 4.1 Prize eligibility.

To be eligible for a prize, the player in the winning or runner up team must have played in/earned points for their team in at least 3 match days out of 9

If less than 5 players represent a team by earning their team points (very important, cannot just be on the roster but not play) for at least 3 match days, the amount of players that have represented the team for at least 3 match days will determine how many prizes will be sent to that team. For example, if your team only has 4 prize eligible players but has 5 players on the roster, only 4 headsets will be sent out.

# 5. Tournament & Game Rules

All players will be expected to be ready to join the custom game lobby and start play following the start of the event. Readiness includes, but is not limited to, completed game patching (if needed), and configuration of in-game settings.

All players are also responsible for ensuring the performance of their chosen setup, including computer hardware and peripherals, internet connection, and power. A problem with player equipment is not an acceptable reason for lateness etc regardless of the root cause of the problem.

## 5.1 Seeding

Seeding is not applicable for this type of competition. If we need more than one lobby we will do our best to spread teams out evenly.

## 5.2 Lobby Settings

Lobbies are to be hosted by the team on the 'left' side on the bracket on K2play. Team captains are to make sure they have friended each other prior to the match on Valorant so they can be invited to the lobby by the host.

The maps available at a given event will be the current selection of maps available in Competitive queues at the time.

The current maps are as follows:

Sunset.  
Split.  
Icebox.  
Ascent.  
Bind.  
Lotus.  
Breeze.

Maps will be decided via a ban system. Both teams will take turns banning a map until one map remains. That map is what the game will be played on.

Lobby settings:

Mode: Standard

Oceania server

Options:

Allow cheats – OFF

Tournament mode – ON

Overtime win by 2 – ON

Play all rounds – OFF

Hide match history - OFF

Teachers are allowed to join the coach spot for their team if they want live access to see the map and talk to admins if any issues occur.

## 5.3 Scoring System

Win – 3 points

loss – 1 point

## 5.4 Tie break

In the event of tied scores, we will use round difference to determine placings. (winning with a 12-1 score will place you higher than a 12-3 score)

## 5.5 Spectating

If you want to share your gameplay from the qualifying rounds we suggest streaming it. You must have a minimum of 2 minutes delay added to your stream.

## 5.6 Game Restart

There will be no game restarts unless under extreme situations. Final decision on game restarts will be at the tournament organisers discretion.

## 5.7 Restrictions on Gameplay Elements

Restrictions may be added at any time before or during a match if there are known bugs with any weapons, items, skins, etc, or for any other reason as determined at the discretion of tournament admins.

## 5.8 Wildcard Rule

If at the start time of the game any teams are unable to field a full roster of players, the players who are present may choose to play as 4, teams cannot play with less than 4 players.

# 6. Infraction and Penalties

Upon discovery of any player committing any violations regarded as unfair play, the tournament director may issue any or all penalties, at his/her sole discretion.

Please make sure to take any screenshots to back up claims you may have for opposition player behaviour so admins can make an informed decision.

## 6.1 Scheduled Round Punctuality

We ask that teams are ready 10 minutes before the match is scheduled.

- If a team isn't in their lobby and ready by 30 minutes after the scheduled game time, they forfeit the game.

The captain who hosted the lobby is asked to submit a screenshot of the lobby including all players to the #lobby-screenshots channel showing all players in the lobby with a time stamp. If any team is late we ask the opposing captain to take a screenshot of the lobby at 4:30, 4:45 and 5:00 to help with any disputes.

## 6.2 Not Following Announcements

Every player has the responsibility to follow official tournament instructions and announcements. The penalty for failing to follow announcements and instructions on numerous occasions may result in your team forfeiting games and potentially being barred from entering further events.

## 6.3 Streamed Games

For games being streamed on the University of Waikato Esports Twitch channel. Players are not allowed to perform any actions that would negatively affect the stream.

Tournament admin will determine what isn't acceptable but include some of the following: being disrespectful or rude towards others, spamming chat etc

As the stream will be delayed to stop 'stream sniping', please do not come into chat and ruin the experience of viewers. Players who ruin the outcome for viewers may be removed from the event and banned from future events.

## 6.4 Unauthorised sharing of lobbies

Lobbies are to be hosted as closed lobbies with captains inviting each other and then inviting the players from their own teams. Please do not invite players that aren't meant to be a part of the game.

## 6.5 Unsportsmanlike Behaviour

All players have the right to a safe and enjoyable tournament experience and a player or team should be aware if their behaviour infringes on those principles. Proof for any infringement needs to be provided when making a complaint to tournament admins.

### 6.4.1 Minor

Minor unsportsmanlike behaviour occurs when a player or a team does something disruptive to the tournament or its participants. Examples include but aren't limited to:

- Excessive swearing or profanity
- Demanding the opponent receives a penalty, even after a decision has been made final. The penalty for minor unsportsmanlike behaviour is a warning. Teams that accumulate multiple warnings may be subject to further penalties by the discretion of tournament admins.

### 6.4.2 Major

Major unsportsmanlike behaviour falls into three specific categories and occurs when a player or team does one of the following:

- Fails to follow official event instructions aimed at a player or team.
- Directly insults someone using hate speech that targets a specific group (race, religion, gender, disability, etc.)
- Aggressive behaviour that's not directed at another person (cursing, frustration, hostility, etc.).

- Aggressive behaviour targeting an individual (threats, personal attack, etc.)

The penalty for major unsportsmanlike behaviour is a game loss. The game that the behaviour is displayed in will be forfeited. Repeated major incidents of unsportsmanlike behaviour will result in player and potentially team bans.

#### 6.4.3 Severe

Severe unsportsmanlike behaviour includes cases that are too outrageous to fall under unsportsmanlike behaviour minor and major. An example of this is intentionally disrupting the operation of the tournament. This will be considered on a case by case basis by the tournament admin. Penalties may include measures such as banning players (temporarily or permanently) from competing in the and events hosted by the University.

#### 6.4.4 Collusion

Collusion is conspiring or cooperating with opposing teams in a tournament in order to deceive or cheat others.

Penalty for collusion is disqualification for all teams involved.

#### 6.4.5 Cheating

Players have a right to receive fair and balanced treatment during our tournament. Players who knowingly do something against the rules to gain an advantage are cheating.

- Impersonating another player in the tournament, playing under false name, playing using another player's gaming ID or account sharing
- Playing with a player of another team's roster or exceeding your roster limit of seven players and using another player.
- Exploiting or intentionally using any in--game bugs or ruleset loopholes to gain an advantage.

The penalty for cheating is disqualification from the tournament.

For any suspicions of cheating or collusion please send all details to Sam Johnson via email [sam.johnson@waikato.ac.nz](mailto:sam.johnson@waikato.ac.nz) or on discord "Fury

## 7. Spirit of the Rules

### 7.1 Finality of Decisions

All decisions regarding the interpretation of these rules, player eligibility, scheduling, tournament format and penalties for misconduct, lie solely with assigned tournament admins, the decisions of which are final.

## 7.2 Rule Changes

These rules may be amended, modified, or supplemented at any time in order to ensure fair play and the integrity of the tournament.

# 8. Privacy

## 8.1 Data

By signing up and taking part in the NZ High School Esports Clash for 2023 all participants agree to personal information being provided to the University of Waikato. University of Waikato has obligations under the Privacy Act 1993 regarding its collection, use, storage and disclosure of personal information of an individual.

All personal information will be deleted 2 years after the competition date.

## 8.2 Photos/videos

It is agreed that by supplying photos/videos to the University of Waikato you are consenting to the use of these photos/videos by the University of Waikato for promotional purposes.

Any photos/videos taken during the course of the in person final at the University of Waikato/Auckland Armageddon are the property of the University of Waikato.

It is agreed that all photos/videos can be sent to NZ High School Esports Clash sponsors.

# 9. Child protection

## 9.1 Overview

It is our intention that all students participating in our competition are safe and supported. Any breaches in this goal should be reported to the overall competition organiser, Sam Johnson. Sam is the Esports Coordinator at the University of Waikato.

## 9.2 Reporting a breach

Please email all details of any potential breach of child protection to Sam Johnson at [sam.johnson@waikato.ac.nz](mailto:sam.johnson@waikato.ac.nz). If the breach is about Sam, then please email details to his manager, Nicola Clayden (Sports Project Manager at the University of Waikato), at [nicola.clayden@waikato.ac.nz](mailto:nicola.clayden@waikato.ac.nz).

## 9.3 Investigation process

All complaints will be investigated equally and fairly and in a timely manner.

Step 1: Receive complaint and provide any support needed to the complainee.

Step 2: Depending on severity of complaint, remove or isolate the target of the complaint from any interaction with players/staff until investigation is complete.

Step 3: Gather information and investigate the complaint.

Step 4: Come to a resolution involving a third party if necessary.

Step 5: Review competition processes to determine if any changes are needed to minimise any future risk.
